The Strength may be reduced to 17 from 21. The two A E S may have only one home orderly each as that is the Scale allowed to Post Secys to govt who are officers of the same grade. The chair-man has agreed to the reduction of one H O each for himself and the Eng officer. Thus the number of 21 may be reduced by 4. There is no objection to their being allocated to work at the discretion of the chair man.

69) The memos may be given the benefit of the revised grades according to the rules in that behalf. This may be given also to those who are to be retrenched, who may be absorbed in any office where there may be vacancies.

Sir,

SUBJECT - Revision of the scales of pay of the
menials of the Trust Board Office

Adverting to the correspondence ending
with your letter No I 12065 dated 28-1-48 asking for my
opinion as to whether it would not be possible to reduce
the number of Home Orderlies by one in the case of each of
the Officers of the Board, I have the honour to state that
having regard to the strenuous and executive nature of duties
devolved on the Officers of the Board, facilities by way
of giving them Home Orderlies are necessary. In this view,
the minimum number of Home Orderlies have been given to each
Officer. I feel that it may not be possible to reduce the
number of Home Orderlies in the case of the Assistant Engineers
as one Orderly cannot be expected to work from the morning
till evening without relief. Often, it happens that one
servant or the other will be applying for leave on the ground
of ill-health or any other reasons and if the one servant
that may be allowed to these Officers goes out on leave or
stays away owing to some unavoidable inconvenience, there
will be none-else to take his place immediately. In these
circumstances, the allowance of two Home Orderlies to the
Assistant Engineers appears to be essential.

2 In the case of the Chairman and the
Engineer Officer, one Home Orderly from each may, if deemed
necessary, be withdrawn and posted for work in the office.
This is purely a matter for local arrangement and may be
left to the Head of the Office for adjustment as need arises.
They will be so posted in view of the present increase in the
office work requiring ^{more} Home Orderlies in the office.

3 I request that in these circumstances, early sanction of Government may kindly be obtained to extend the benefit of the revised scales of pay sanctioned to the menials of the Government Departments in G O No K1 1865-1965/S & A 25-47-3 dated the 6th September 1947 to the menials of this office as resolved by the Board at its meeting held on 30-9-47

Subject Revision of scales of the
menials of this office

I have the honour to invite kind reference to correspondence ending with this office letter No G 275 dated 5-2-48 regarding the above subject and to request that you may be so good as to obtain very early orders of Government extending the benefit of the revision of scales of pay sanctioned in respect of the Peons in Government Departments to the menials of this office also

2 In this connection, it may be stated that owing to the present high cost of living and inadequacy of the pay these menials are getting, several of the peons of this office are staying away from duty with a view to join appointments elsewhere, where the remunerations are lucrative. Almost every month, a few peons are going away like this and today, there are 5 vacancies of peons who have thus left their jobs. On enquiry, it is ascertained that this is mostly due to their discontentment or account of the low pay they are getting here.

3 It is needless to say that this state of affairs, if allowed to continue, would very much affect the morale of the other peons working in the office besides causing great dislocation of work and inconvenience to the office.

4 I therefore request that in these circumstances
